

PRESS Release

DAVE Embedded Systems

**DAVE Embedded Systems and Digimax are now partners to offer and support DAVE Embedded Systems' products to its Customers in Italy.**

Porcia, ITALY – October, 2016 - DAVE Embedded Systems, one of the European leading companies in the embedded market, announced its Business Partnership with Digimax S.r.l. company, to offer and support products proposed by DAVE Embedded Systems.

**DAVE Embedded Systems**, headquartered in Porcia, Italy, has been in the embedded modules business since 1998 and has established itself as one of the leading European Companies for embedded solutions.

**Digimax S.r.l.** was born in 1996 as a distributor of industrial power supplies and stands out immediately for its strong focus on quality of service it offers to customers.

The new partnership represents a further step in the company's ongoing strategy which aims to ensure Italian customers a closer and better service and support.

Our Company is oriented to support customers providing them complete solutions.

To satisfy their requirements DAVE Embedded Systems decided to enter in partnership with a power supply distributor, to guarantee the right support. We thought to work with Digimax because they approach at the customers with our criteria and we are driven by the same philosophy.

**Trademarks:**

**DAVE Embedded Systems** is a trademark of DAVE S.R.L. Other product or service names mentioned herein are the trademarks of their respective owners.

DAVE Embedded Systems based in Italy, was founded in 1998 as an engineering Services Company; devoted to designing highly complex embedded electronic systems from the concept to the end product. From its inception and the years following, DAVE Embedded Systems has gained lots of expertise; other related know how and design capabilities to offer its customers the leading edge solutions in the embedded market. With its own manufacturing operations, DAVE Embedded Systems has been able to provide in a timely manner the CPU modules and Embedded Electronic systems to its customers.
